SUBJECT GROUP 5500-5599 SECURITY

SUBGROUP 5500 - GENERAL

5500.1 General

a. Mission. NAVPHIBASE Little Creek is responsible for public safety functions throughout the Hampton Roads Area on behalf of SOPA (ADMIN) Hampton Roads. Public safety is comprised of three separate, but related major functions: (1) Fire Protection Services; (2) Physical Security Services; and (3) Occupational Safety and Health (OSH) Services (less aviation safety). The specific missions are:

(1) Fire Service. To responsively and efficiently provide comprehensive fire and emergency services in order to protect life and property, with a focus on customer input and quality service.

(2) Physical Security Service. To responsively and efficiently provide Anti-Terrorism/Force Protection, law enforcement, and physical security while promoting community policing, all in a fair and impartial manner.

(a) Disaster control in the event of a terrorist incident is discussed in Subgroup 5530 of this manual.

(3) OSH Service Mission. To be the Navy's recognized leader in efficiently providing OSH services, thereby enhancing quality of life by ensuring a customer-focused safe and healthful work environment. The Explosive Safety Program provides informed guidance regarding compliance with established standards and practices in order to maintain acceptable levels of risk.

b. Details pertinent to the Fleet missions will be accomplished as outlined in the subsections of this chapter and other portions of this manual.
